

# Highways and Bridges Will Go Unfixed

When the General Assembly passed Act 44 of 2007, revenue was expected to help fix countless structurally deficient bridges and repair thousands of miles of roads in poor condition. Now that Act 44 revenue is cut in half, these roads and bridges in need of repair will have to wait until additional funding is available while other roads and bridges continue to deteriorate.

# Highways and Bridges Will Go Unfixed

When the General Assembly passed Act 44 of 2007, revenue was expected to help fix countless structurally deficient bridges and repair thousands of miles of roads in poor condition. Now that Act 44 revenue is cut in half, these roads and bridges in need of repair will have to wait until additional funding is available while other roads and bridges continue to deteriorate.
